I am a passionate graduate researcher looking for innovations in the transportation sector

Viswa Sri Rupa Anne
viswasrirupa@gmail.com
+1(470)302-1383

Education

- Georgia Institute of Technology *May, 2019 - present*
  Ph.D. in Transportation Engineering, School of Civil and Environmental Engineering
- Georgia Institute of Technology *Aug 2017 – May 2019*
  Masters in Transportation Engineering, School of Civil and Environmental Engineering
- Indian Institute of Technology, Madras *July 2013 – May 2017*
  Bachelor of Technology, Civil Engineering, Minor in Operations Research

Research Projects and Professional Experience

- Vertically Integrated Project (VIP) Team *Aug 2020 – Present*
  Leading an undergraduate student team in developing a Mobile Application that uses Augmented Reality and Gamification to provide travel incentives to users.
- Graduate Research Assistant at Georgia Tech Research Institute (GTRI) funded by National Science Foundation *Aug 2017 – Dec 2019*
  Fleet Management of Large-Scale Connected and Autonomous Vehicles in Urban Setting in the City of Chattanooga, Tennessee, partnering with University of Tennessee, Chattanooga.
- Internship at Georgia Tech Research Institute (GTRI) *May 2018 – Aug 2018*
  Extension of the GRA into full-time Internship position
- B. Tech Thesis – Indian Institute of Technology, Madras *Aug 2016 – April 2017*
  Driving Behaviour Analysis using Vehicle Trajectory Data in Mixed Traffic Condition in the city of Chennai, India.

Conference Papers

- Anusree Anand P,. Atmakuri P,. Anne V,. Gowri Asaithambi,. Srinivasan K.K,. Sivanandan R,. Chilukuri B,. "Calibration of Vehicle Following Model Parameters Using Mixed Traffic Trajectory Data", Transportation Research Group, 2017.
- R. Thompson, J. Stovall, D. Velasquez, V. S. Rupa Anne, A. V. Samoylov and M. Sartipi, "All-in-One Urban Mobility Mapping Application with Optional Routing Capabilities," 2018 IEEE International Conference on Big Data (Big Data), Seattle, WA, USA, 2018, pp. 1127-1133.

Conferences Attended

- Annual Transportation Research Board Meeting, Jan 2019
- Annual Transportation Research Board Meeting, Jan 2020

Programming and Computing Skills

- Applications and Software: MATLAB, Quantum GIS, ArcMap
- Programming Languages and Databases: Java, Python, R, C/C++, C#, Swift, MySQL, Neo4j
- Development Environments: XCode, Microsoft Visual Studio, Android Studio.

Positions of Responsibility

- Leadership Coach, Office of Leadership Education and Development, Georgia Tech (2020 – present)
- Social and Communications Chair, Institute of Transportation Engineers, Georgia Tech Chapter (2019 – 2020)
- Member of Institute of Transportation Engineers, Georgia Tech (2017 – present)
- Member of Women in Transportation Studies, Georgia Tech (2018 – present)
